HELPING YOU ACHIEVE MORE

Federal Income Tax Withholding

All employers should make sure they are using the 2019 version of Publication 15 (Circular E), Employer’s Tax Guide. The current Circular E should be mailed to all employers in late December. It is also available from the IRS forms web site at www.irs.gov.

The IRS **Notice 1036**, *Early Release Copies of the 2019 Percentage Method Tables for Income Tax Withholding*, will post to its website. The tables in Notice 1036, along with the 2019 wage-bracket withholding tables, will appear in IRS Publication 15, (*Circular E*), *Employer’s Tax Guide*.

Social Security Wage Base will increase to \$132,900

The Social Security Administration has announced that the 2019 social security wage base is **\$132,900** up \$4,500 from 2018. The employee and employer rate will remain at 6.2%. The maximum Social Security tax a taxpayer and employer could each pay will increase to **\$8,239.80** which is an increase of \$279.00 over the 2018 maximum.

The Medicare tax rate for employers and employees for 2019 remains at 1.45% of all covered earnings. The additional employee Medicare tax withholding of 0.9% applies to wages in excess of \$200,000 for the year. Employers are NOT subject to the Additional Medicare Tax. As in prior years, there is no limit to the wages subject to the Medicare tax.

An employee may not request that the employer deduct and withhold the additional Medicare tax on wages of \$200,000 or less. However, an employee who anticipates that he or she will be liable for additional Medicare tax, for example if household wages will exceed the married filing jointly threshold, may request that the employer deduct and withhold an additional amount of income tax on Form W-4, Employee’s Withholding Allowance Certificate.

Federal Unemployment Tax (FUTA)

The full FUTA tax rate is 6%; however employers generally receive a FUTA credit of 5.4% for payment of state unemployment taxes, making the effective FUTA tax rate 0.06% (.006) of taxable wages up to a limit of \$7,000 per employee annually or \$42.00. The U.S. Department of Labor announced that employers in Credit Reduction state (Virgin Islands) will pay their FUTA tax for 2019 at a higher federal unemployment (FUTA) tax rate than employers in other states. Employers in VI have a 2.4% cutback or up to \$168 in additional tax per employee. Unless a state pays off the loan or takes other actions specified by federal law, their FUTA Credit Reduction will increase annually by .3% (.003) or by \$21 per worker. The FUTA liability is calculated quarterly on the first \$7,000 of wages paid to each employee. Deposits are required when the liability reaches \$500. Liabilities of \$500 or less may be paid with the annual filing of Form 940.

Pennsylvania Payroll Taxes

State Unemployment Insurance

The 2019 PA Unemployment Contribution (UC) rate notices are mailed to the majority of employers in December of 2018. Employers should note the following important dates:

January 30, 2019 is the last day to file a timely voluntary contribution to lower the 2019 contribution rate.

March 31, 2019 is the last day to file a timely rate appeal to the contribution rate reflected on the UC Contribution Rate Notice.

April 30, 2019 is the last day to file a timely election for a Debit Reserve Account Balance Adjustment.

The Contribution Rate Notice (Form UC-657) shows the rate effective for the coming calendar year. This percentage is to be applied to taxable wages paid to determine the amount of employer contributions due. Rates range from 2.39% to 11.03% with the standard new employer rate being 3.6890% and 10.2238% for contractors. **Please review your rate computations carefully, in order to appeal your contribution rate, you must do so within 90 days of the mailing date of FORM UC-657.**

The taxable wage base for 2019 for Pennsylvania will remain at **\$10,000**.

The rate for employee contributions for **2019** will remain at **.06% (.0006)** of all wages paid.

Employers are required to electronically file quarterly UC tax and wage reports through UCMS. The Department of Labor & Industry, or L&I, will not be mailing UC-2 and UC-2A forms to employers for any filing period. Please go online now and access UCMS.

To access UCMS, go to www.uctax.pa.gov or from the www.dli.state.pa.us website, click on the  logo.

Employers or employer representatives must register with the new system (even those previously registered via ETIDES).

Employers are required to pay Unemployment Compensation (UC) contributions and reimbursement Statement of Accounts electronically if the total liability owed equals or exceeds \$5,000 for a payment period. Once the threshold is met all subsequent payments must also be submitted electronically, even if amounts due for subsequent periods are less than \$5,000. Failure to comply can result in a penalty of 10% of the payment, up to a maximum of \$500 with a minimum of \$25 per occurrence.

Payment Methods

Employers who pay electronically have three payment options within UCMS:

- Automated Clearing House debit (ACH debit),
- Automated Clearing House credit (ACH credit), and
- Credit Cards.

ACH debit provides the most efficient and accurate transfer of information and is therefore the preferred method of the department. All three methods are simple to complete in UCMS. For more information on electronic payments, please visit the website at www.dli.pa.gov

Electronic Payment Waivers

Employers that are unable to comply with the electronic payment requirement may complete a waiver request form stating the reason for non-compliance and the anticipated date electronic payment will begin. The request must be returned to the address on the form. The department will review each request and issue a determination. The waiver request form will be available at www.dli.pa.gov

Local Withholding

Pennsylvania Act 32 of 2008 provided for the restructuring of the Earned Income Tax Collection System for local governments and school districts covered by the Local Tax Enabling Act. As of January 1, 2014, the Earned Income Tax Collection System was restructured into 69 Tax Collection Districts (TCD), predominately based on county boundaries. The collection of taxes for each TCD will be handled by a "certified" tax collector designated by Pennsylvania's Department of Community and Economic Development (DCED).

Employers should ensure that they are registered with the appropriate Certified Tax Collector for their area. All information pertaining to collectors and rates can be found at the Pennsylvania Department of Community & Economic Development website <http://dced.pa.gov> under Local Government.

Employers will need to have all Pennsylvania-based employees complete a "Residency Certification Form". A properly completed certificate requires listing the appropriate Political Subdivision Code (PSD) for each Pennsylvania-based employee's lived in and worked in localities. The certificate refers to the information necessary to look up the appropriate PSD codes.

Employers are required to withhold and report local income taxes for all employees, whether resident or non-resident, working in their Pennsylvania business location. The withholding tax rate will be determined for each employee by comparing the highest rate between their non-resident worksite and residence location rates. The employer should withhold and remit the higher of the two tax rates to the Certified Tax Collector for each of its Pennsylvania employment locations.

Local Service Tax

Pennsylvania Act 7 requires that the \$52 be deducted evenly from paychecks throughout the year. A worker who is paid weekly would have tax deducted at the rate of \$1 per pay, bi-weekly \$2 per pay, etc.

Act 7 also provides for an upfront exemption when:

- Total earned income from all sources is less than \$12,000.
- On active duty.
- Employee is an honorably discharged veteran with 100% service-connected disability.
- An annual upfront exemption certificate must be completed by the employee and submitted to their employer to qualify for the exemptions.

Backup Withholding

You generally must withhold 24% of certain taxable payments if the payee fails to furnish you with his or her correct taxpayer identification number (TIN). This withholding is referred to as "backup withholding."

Payments subject to backup withholding include interest, dividends, patronage dividends, rents, royalties, commissions, nonemployee compensation, and certain other payments that you make in the course of your trade or business. In addition, transactions by brokers, barter exchanges and certain payments made by fishing boat operators are subject to backup withholding.
